SUBJECT : Revision of DCID 11/2 - Control of Dissemination
and Use of Intelligence and Intelligence Information

1. Since its issuance in November 1954, DCID 11/2 has not been adopted by all members of the Intelligence Community. The specific reasons for the lack of universal adoption are not known, however, this has led to a great deal of misunderstanding in the interpretation and application of this Directive. The Chairman of the United States Intelligence Board has directed the Security Committee of the USIB to review DCID 11/2 with a viewpoint of producing a Directive which will be universally adopted and utilized by all members of the Intelligence Community. The Security Committee requested this Agency to prepare the initial draft revision.

2. A CIA working group met at my request and prepared the first draft revision of DCID 11/2 for submission to the Security Committee. This group was comprised of the following:
